CHARDONNAY

This region is the origin place of Chardonnay, which is by the way, the world's most popular white grape. In Burgundy, the combination of climate, land, and tradition produce a wine that is coveted by many and never precisely replicated anywhere else. Chablis is a region in Northern Burgundy. What makes wines from this region so different is that the Chardonnay wines are aged primarily in tanks or very well-used oak barrels. The lack of new wood reduces the vanilla, toffee, and sweet-"ish" flavors typically associated with Burgundy Chardonnay. Chablis are wines with more flintily and leaner/greener fruit flavors.

SPUMANTI | METODO CLASSICO | SPARKLING

The traditional Champagne winemaking method is considered to be the benchmark method for sparkling wines. In Italy, wines made with this method are labeled as "Metodo Classico". Prosecco as "Charmat Meto"d, doesn't need introduction. Franciacorta Satèn is a particular type of Franciacorta DOCG wine. Compared to the other types, it is only made from white grapes and it has a lower pressure in the bottle that donate his characteristic silky taste.

RHONE VALLEY

This area is considered the land of French Syrah, the wines made with Syrah are big, bold, and spicy with a firm tannic structure in their youth. Depending on the appellation, the wines can be rustic, even meaty, or supremely elegant, often with floral overtones.

The Pope's Wine, famous for powerful, full-bodied red wine, largely made from the classic southern Rhône grape trio of Grenache, Syrah and Mourvèdre. The dominant grape of the blend is Grenache.

TUSCANY | CHIANTI | BRUNELLO DI MONTALCINO | SUPER TUSCAN | BOLGHERI

Brunello di Montalcino is made with a local Tuscan type of Sangiovese referred to as Brunello or Sangiovese Grosso. Noted for having thicker-skinned berries, and because of this, Brunello produces wines with exceptionally bold fruit flavors, high tannin, and high acidity.

Chianti tasting notes include red fruits, dried herbs, balsamic vinegar, smoke, and game. Aging, wines offer notes of preserved sour cherries, dried oregano, balsamic reduction, espresso, and sweet tobacco.

"Super Tuscan" is a term used to describe red wines from Tuscany that may include non-indigenous grapes, particularly Merlot, Cabernet Sauvignon, and Syrah.

Bolgheri is a relatively young yet prestigious Italian appellation located in the Maremma on the Tuscan coast. It is known mainly for deeply colored, supple yet age worthy red wines, usually based on the Bordeaux grape varieties.

SPAIN

LA RJOIA | RIBERA DEL DUERO | PRIORAT | PENEDÈS

Rioja is mainly made from Tempranillo, sometimes blended with Garnacha, Mazuelo, and Graciano. It offers structure, balanced tannins, and notes of cherry, plum, tobacco, leather, and light vanilla.
Ribera del Duero produces fuller-bodied, more tannic Tempranillo (Tinto Fino), with darker fruit, greater concentration, and strong aging potential.

NEW WORLD RED WINES

ARGENTINA | CHILE

The majority of Argentina's vineyards are located at the base of the Andes Mountains, in an area with both ample sunshine and snowmelt for irrigation. These conditions result in plump, deep-colored wines of which Malbec is the most important variety. The results are often wines with savory flavors, dusty tannins, and layered black fruit. Chilean Cabernet Sauvignon and Bordeaux blends have a signature tart-and-fruity style. Medium- to full-bodied wines moderate acidity and flavors of black currant, fresh berry sauce, violets, chocolate, and graphite. The tartness comes from cool ocean breezes being pulled inland by the incredibly tall Andes Mountains.

UNITED STATES

MERLOT

Red fruits, easy tannins and a soft finish are the characteristics of Merlot wine. In the US West Coast, because of the warm climate, Merlot wine is more fruit-forward and tannin is less prevalent. Some producers use judicious oak-treatment of up to 24 months to add their Merlot wine more structure.
